Wine and ceramics both date back to the beginning of civilization and early humankind. Come discover your own primary self and connect with history, nature, clay and wine.

Make n' Create and Zambartas Wineries invite you for a memorable experience, in which you will start with a ceramics workshop, followed by a winetasting in the hills of Limassol.

About us

Make n' Create

Make N' Create is a studio for ceramic art located in the beautiful Souni village. The studio is owned and operated by ceramic artist Michal Daniely who has been working with clay and teaching the techniques of the art for over 20 years.

The workshop will provide you with a unique opportunity to explore your creative abilities in a quiet and forested setting. You will learn basic ceramic techniques and how to achieve different textures as you create your own personalized pieces. Michal believes that the work with clay combines spirit and matter.

Zambartas Wineries

Zambartas Wineries is a boutique family winery in Agios Amvrosios village, producing quality wines with a focus on indigenous grape varieties and sustainable vineyard practices. Where nature & creation go hand in hand. www.zambartaswineries.com
